DETAILED ACTION

The response to the species requirement set forth in the office action dated June 5, 2001 filed August 8, 2001 has been received. The election was made without traverse to examine compounds which do not contain a nucleoside compound. In addition to the requirement set forth June 5, 2001, the election of a single species is required.

Claims 5, 33 and 48 are generic to a plurality of disclosed patentably distinct species comprising:

Species A: Non- phenylene containing compounds of Ia or Ib

Species B: Phenylene containing compounds of Ia or Ib

Species C: Non-heterocyclic compounds of Ic or Id

Species D: Heterocyclic compounds of Ic or Id

Species E: Carbocyclic compounds of Ie or If.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed. A single species will be recognized as any one of A through E, and one of Ia to If.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the

Art Unit: 1623

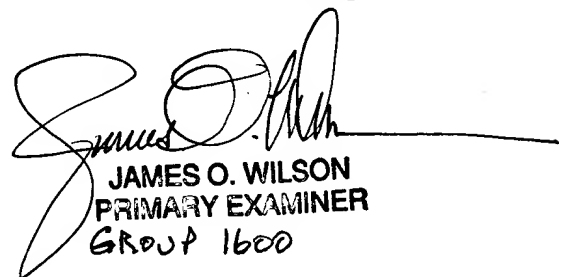

examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James O. Wilson, Primary Examiner in art Unit 1623 whose telephone number is (703) 308-4624.
